

Credentials for J.P. Peck of

OnlyFromAbove.com low level aerial photo/video services: 30-400 feet

Related experience:

Aerial /Elevated mast photographer: 10th year with 60' & 30' masts & many airplanes.

I've captured hundreds of past homes, buildings & events, all from above. Some past clients/aerial projects; UW, MSFT, Boeing Golf Classic, Husky-Fest, Clay Lacy Aviation, Kodiak turboprops, all brands of Realtors, Seafair Nationals, Puyallup & Evergreen fairs, Tulalip, Lexus of Bellevue, Granite Const., MySnohomishWedding.com, Marysville Parks & Schools, JBLM & Arlington airshows.

Creative Content Provider: Snohomish County Parks – many aerial event photos & QuickShows

Inventory Photographer: at ~ 20 RV, car & motorcycle dealerships in the NW & Portland, I captured a dozen images & options of nearly 80,000 RV's & vehicles over 9 years.

CNC 4 axis Lathe machinist: 15 years in the aerospace industry machining precision aircraft parts of all types.

Bio: From Seattle/Ballard, past member of CTC (Columbia Tower), Master Builders Association honored as a *Century club member*, past member of several Chambers, I always provided aerial photos for them, their members & events. I'm very dependable and well spoken of by the Mayors & Chamber directors in Marysville & Arlington.

Past projects at www.Mpeckable.com & QuickShows.com , more Current at OnlyFromAbove.com

Typical individual project rates:

Aerial rotorcraft projects 30' – 400' are typically \$150 residential, \$200 for typical business projects.

30 foot portable camera mast for *inside* of events, buildings or homes.

Rotorcraft used is the latest, smartest and safest available with redundant safety systems.

Aerial photo/video services are available via low rate monthly retainer for on-call needs.

Scheduled or short/no notice projects. Multiple projects reduce costs, credit cards welcomed.
